

Sage Payroll

sage

Who is Sage?

Sage is a leading supplier of business management software and services to more than 6 million customers worldwide. From small start-ups to larger organizations. We make it easier for companies to manage their business processes.

Why Sage?

Clocking over 30 years of solid experience working with SME's, professionals and dedicated team of channel partners, we deliver products and services that makes our customers business life easier.

Growing your business

At Sage we understand the importance in growing your business. Therefore, to ease the issues of companies having to deal with payroll, we have a suite of payroll solutions that are designed for a broad range of industries. Sage Payroll 2013 and Sage EasyPay solutions are a strategic value to your company.

Sage Payroll offerings:-

Sage Payroll 2013 is a market leading solution targeted at SMEs. Offering easy, accurate and secure payroll processing and HR features, it can scale from a few employees into larger businesses requirements. The solution comes standard with pre-defined HR templates to assist in HR processes and supports more complex HR requirements. It is most suitable for start-ups and companies that prefer a simple, proven and trusted payroll solution.

Sage EasyPay is focused on larger companies and multi-national companies. It is designed to empower your workforce to succeed by optimizing HR processes in real-time via employee self-service modules and accommodating to various payroll requirements. Built on a set of best-in-class human resource practices and functionality, it is aligned to increase productivity, accelerate business performance and lower the costs of ownership.

Payroll made easy

As the industry leader in business management software, we understand that it is important to continuously innovate and provide even better payroll solutions for our customers.

Our solutions not only allow you to have complete control over your payroll, it will also assist you in managing standard documentation via pre-determined HR templates. This enables you to ensure that you have the right documents done, error free and executed for that peace of mind.

Empowering your workforce

People generate ideas, and move initiatives forward, thus it is of great importance to ensure that there is ownership of responsibilities. By having a business solution that streamlines processes and reduces time consuming processes in managing employee information, it will provide more time to employees to be empowered to deliver greater results.

- Human Resource Management Solution (HRMS)
- Employee Self-Service (ESS)

Human Resource Management Solutions

Sage HRMS is designed to help companies organize staff, optimize people performance and the same time build competitive advantage with greater workforce insights. It is a comprehensive solution that aligns your workforce with your business strategy and offers powerful analytics that provide visibility into every aspect of your talent pool.

Sage Training Centre

Over 10,000
certifications
annually!

The Sage Training Centre provides standardized and certified courses for our products as well as certification for payroll and HR job functions. Conveniently located within a stone's throw away from the transport hub of KL Sentral, our 10,000 square feet location comes equipped with the proper facilities and certified trainers.

Why a Sage Certification?

Sage is a market leading provider of business software solutions to the SMEs worldwide, therefore a certification in a Sage product could just be the door opener to employment opportunities that you have been looking for. In addition, a certification formalizes your experience and expertise as a trained user of Sage products, increasing the value of your experience in your resumé.

You will then join a community of certified users of Sage products whom benefit from the latest updates on products and activities.

Why a course at the Sage Training Centre?

- Small and focused classes
- Practical hands-on training
- Year-round courses available for your convenient planning
